INDEPENDENT AUDITOR'S REPORT

Board of Directors
ServeNow and Affiliates
Colorado Springs, CO

We have audited the accompanying consolidated financial statements of ServeNow and Affiliates, which comprise the consolidated statements of financial position as of March 31, 2020 and 2019, and the related consolidated statements of activities, cash flows and functional expenses for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of ServeNow and Affiliates as of March 31, 2020 and 2019 and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

SERVENOW AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2020 AND 2019

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

ServeNow was launched in December 2012 to serve people in need in the name of Christ. Their mission is to accomplish this by caring for orphans, widows, underprivileged children, and youth as well as equipping the Church for greater fulfillment of its ministry and providing humanitarian assistance where needed. Working with national leaders and indigenous churches, *ServeNow* works primarily in countries outside the United States and strives to assist as many people as possible for the Kingdom of God.

Principles of consolidation

The consolidated financial statements include the financial resources and activities of *ServeNow*, *ServeNow* India, *ServeNow* Sweden, *ServeNow* Ukraine, and *ServeNow* Nepal for the years ended March 31, 2020 and 2019. All material transactions and balances between the entities have been eliminated in the consolidation. These entities are collectively referred to as *ServeNow* or the "Organization."

Basis of accounting

The Organization maintains its accounts and prepares its consolidated financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Use of estimates

The Organization maintains its accounts and prepares its consolidated financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP"). The preparation of consolidated financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

See independent auditor's report.

MARCH 31, 2020 AND 2019

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

Accounting pronouncements adopted

Effective April 1, 2019, the Organization adopted ASU No. 2018-08, *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made* ("ASC Topic 958") on a modified prospective basis. This ASU clarifies how a not-for-profit entity determines whether a resource provider is participating in an exchange transaction or a contribution, helps an entity to evaluate whether contributions are considered conditional or unconditional by stating that a conditional contribution must have (1) a barrier that must be overcome and (2) a right of return or release of obligation, and modifies the simultaneous release option currently in US GAAP, which allows a not-for-profit entity to recognize a restricted contribution directly in net assets without donor restrictions if the restriction is met in the same period that revenue is recognized.

Cash and equivalents

For purposes of the consolidated statements of cash flows, the Organization considers all highly liquid investments of three months or less to be cash equivalents. These accounts may, at times, exceed federally insured limits; however, the Organization has not experienced any losses on these accounts and does not believe it is exposed to any significant credit risk. The Organization has taken steps to diversify its bank relationships to mitigate FDIC insurance risk.

Gift in-kind inventory

Inventory consists of items donated to the Organization, including medical supplies, household goods and equipment, as well as publication materials related to the Ministry. These items are recorded at their estimated fair market value on the date of the donation, and reported at their carrying amount thereafter. Grants of gift-in-kind items to other non-controlled organizations are expensed when the goods are shipped.

Furniture and equipment

Furniture and equipment are recorded at cost or, if donated, at the estimated fair value at the date of donation. Items acquired in the United States with a cost or fair value in excess of \$2,000 are capitalized. Items purchased for international offices are capitalized in accordance with policies established by laws in effect within the country or in accordance with a policy established by local office. Depreciation expense is provided on a straight-line basis over estimated useful lives ranging from three to ten years.

See independent auditor's report.

SERVENOW AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2020 AND 2019

**1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Furniture and equipment (continued)

Depreciation expense for the years ended March 31, 2020 and 2019 totaled \$8,710 and \$14,276, respectively.

Basis of presentation

The financial statements present information regarding the financial position and activities according to two classes of net assets: net assets without donor restriction, which represent the expendable resources that are available for operations at management's discretion and the net investment in property and equipment; and net assets with donor restrictions, which represent resources restricted by donors as to purpose or by the passage of time.

Contribution revenue

Revenue is recognized when earned and support when contributions are made, which may be when cash is received, unconditional promises are made, or ownership of donated assets is transferred to the Organization. Contributions are reported as with donor restrictions if they are received with donor stipulations that limit the use of the donated amounts. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is satisfied, donor restricted net assets are reclassified to net assets without donor restrictions through released from restrictions. Donated assets are recorded as contributions at their estimated fair value on the date of donation.

Functional allocation of expenses

The costs of providing various program services and supporting activities have been summarized on a functional basis in the consolidated statements of activities. Expenses are recorded when costs are incurred.

The consolidated financial statements report certain categories of expenses that are attributable to one or more program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include occupancy, depreciation and amortization, which are allocated based upon the overall allocation of other expenses, as well as salaries and wages, benefits, payroll taxes, professional services, office expenses, information technology, insurance, and other, which are allocated on the basis of estimates of time and effort.

See independent auditor's report.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2020 AND 2019

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

Foreign currency translation

All field offices have identified the US dollar as their reporting currency, which is different from their functional currency. The financial statements of these locations are translated to US dollars using year end rates of exchange for all assets and liabilities, and average rates of exchange for the year for revenues and expenses. For the years ended March 31, 2020 and 2019 management determined that the foreign currency translation adjustment was not material to the financial statements.

Income taxes

The Organization is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code ("Code") and is not a private foundation under Section 509(a)(2) of the Code. All entities included in these consolidated financial statements are exempt from taxes in the countries where they are registered and operate.

The Organization evaluates the effect of uncertain tax positions, if any, and provides for those positions in accordance with the provisions of FASB ASC 450, *Contingencies*. The Organization discloses any material adjustments as a result of tax examinations and reports interest and penalties resulting from these adjustments as interest expense and other expenses, as applicable. As of March 31, 2020 and 2019, the Organization had no uncertain tax positions that qualify for recognition or disclosure in the financial statements.

Subsequent events

Management has evaluated subsequent events through the date of the attached independent auditor's report, the date on which the financial statements were available to be issued.

See independent auditor's report.

2. LIQUIDITY AND AVAILABILITY OF RESOURCES

Financial assets available for general expenditures, that is, without donor or other restrictions limiting their use, within one year of the balance sheet date, comprise the following on March 31:

	2020	2019
Cash and equivalents	\$ 983,973	\$ 147,399
Less amounts unavailable for general expenditures within one year due to donor restrictions	(27,915)	(57,525)
Financial assets available to meet cash needs for general expenditures within one year	\$ 956,058	\$ 89,874

As part of the organization's liquidity management plan, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. In addition to financial assets available to meet general expenditures over the next 12 months in the table above, the Organization also operates in accordance with a board approved budget and anticipates collecting sufficient revenue to cover general expenditures.

3. INTANGIBLE ASSET AND RELATED ROYALTIES PAYABLE

In February 2016, the Organization purchased publication materials and their related rights from Mountainbrook Press, a related party owned by the Founder of the Organization. The Organization determined the fair value of the intangible assets related to these publications to be \$118,252. These intangible assets are being amortized over an estimated useful life of five years. The purchase price of \$24,452 was determined to be the fair value of the materials purchased and was recorded as inventory.

Subsequent to March 31, 2020, the royalty agreement with Mountainbrook Press was amended by lowering the amount ServeNow will pay Mountainbrook Press to \$60,000. Accordingly, the amount forgiven by Mountainbrook Press totaling \$39,604 along with the unamortized production asset as of March 31, 2020 totaling \$21,679 were written off and recognized as other income in the accompanying consolidated statement of activities.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2020 AND 2019

6. RELATED PARTY TRANSACTIONS (CONTINUED)

The Organization has an amount due to Mountainbrook Press (see Note 3).

The Organization entered into an agreement with a Company owned by the former president and Founder of the Organization effective January 1, 2017 to provide donor services. The agreement calls for payments to the related party of up to \$6,000 per month plus expenses, and expires in December of 2020. During the years ended March 31, 2020 and 2019, the Organization made payments totaling \$82,712 and \$99,196, respectively.

All related party transactions are addressed and approved by the board of directors prior to occurrence.

7. COMMITMENTS

Operating lease

ServeNow entered into an agreement to rent office space from an unrelated party beginning in July 2020 and continuing for a term of 63 months. Monthly base lease payments range from \$2,767 to \$3,182.

Lease expense for the years ended March 31, 2020 and 2019 totaled \$96,749 and \$96,475, respectively.

Future minimum lease payments as of March 31, 2020 are as follows:

<u>Years Ending March 31,</u>

8. RISKS AND UNCERTAINTIES

The current economic environment presents not-for-profit organizations with unprecedented circumstances and challenges, which in some cases have resulted in large declines in assets, and constraints on liquidity. The consolidated financial statements have been prepared using values and information currently available to the Organization.

On March 11, 2020, the World Health Organization characterized an outbreak of novel strain of coronavirus (“COVID-19”) as a pandemic and on March 13, 2020, the United States declared a national emergency. As a result, the current economic environment has presented companies and organizations with unprecedented circumstances and challenges. Potential impacts to the Organization include disruptions and restrictions on the ability of employees to work, travel and other restrictions imposed by governments. COVID-19 is also expected to adversely affect economies and financial markets in the United States and throughout the world. The extent of the impact on the Organization’s financial position, operating results and cash flows will depend on future developments, including the duration and spread of the outbreak, which are highly uncertain and cannot be predicted.

Foreign activity

Management has reviewed the assets of the Organization located in India, Sweden, Ukraine and Nepal. While such items are recognized as assets of the Organization, it should be noted that the economic and political situation outside the United States is subject to rapid change. Therefore, the reader of the consolidated financial statements should be aware that while the Organization believes the assets are properly stated at the date of this report, subsequent changes could occur that would adversely affect the realizable value of the assets in these countries. In addition, it should be understood that the carrying value of the assets in these countries may not be representative of the amount that could be realized should the assets be sold.

The assets of the Organization located in these countries consist of the following:

	<u>2020</u>	<u>2019</u>
Cash and equivalents	\$ 27,832	\$ 48,701
Property and equipment, net	<u>22,101</u>	<u>17,664</u>
